CREDIT RECOVERY INTERSESSION

Dear GRDMS Families,

Credit Recovery Intersession is a virtual instructional program designed to help students gain additional competencies and improve their course grades earned during semester one. If your child did not pass a course during semester one of this school year, this is an opportunity for students improve their grades and to stay on track for promotion.

The intersession is a two-hour virtual class available on four consecutive Saturdays. Attendance at all four sessions and completion of assigned work is required for successful credit recovery. All online sessions will be facilitated by a certified teacher. 6th and 7th grade students have the option of recovering one core class (see options below). 8th grade students have the option of a second two-hour block to recover up to two core classes.

If you wish for your child to participate, parents or guardians are required to complete the Credit Recovery Intersession registration found in the QR code below or here: ([LINK](#)). **Please complete the electronic registration form by February 24, 2021.**
