

Visual Arts Virtual Audition 2021

Example of the Live TEAMS Art Creation

Students will create a still-life drawing during a TEAMS live class meeting with Mrs. King prior to their interview and portfolio review on audition day. Please have your child have access to 3-5 fruits/vegetables to set-up their still-life during this session. They will need 9x12 drawing paper, a pencil, eraser, and a variety of art mediums to use to add color. They may use watercolor paint, crayons, oil pastels, copic markers and/or color pencils. In this document are examples of successful still-life drawings/paintings. Your child will have 45 minutes to create this piece of artwork during the TEAMS live class the day of the audition. After the still-life creation they will have an individual interview to discuss this piece of art and the art pieces they selected for their art portfolio Word Document.
